Trout Are Made of Trees by April Pulley Sayre. Read the story dramatically and have fun with the sound effects! Trout are made of trees. In fall, trees let go of leaves, which swirl and twirl and slip into streams. Zap! They eat dragonflies." The book's title comes from its ecological message, which is simply stated: "Trout are made of trees. So are the bears and the people that eat them." In a pre-kindergarten classroom I pull out my book and read the title, Trout are Made of Trees. Most students in other South Bronx pre-k. An unusual blend of narrative, poetry and science, this is an appealing introduction to the food web. How can a leaf become a fish? Join three young children and their Dad to find out, as they observe life in and around a stream. Two children and their dads learn all about the food web and how life in and around a stream is connected. Explore classroom activities, puzzles, teacher.
